Aclaim[®]2 Nasal Mask

The **Aclaim[®]2** Nasal Mask has several unique features that ensure a quick and easy fit and an effective mask seal.

The unique **Glider[™]** Strap holds the mask gently but securely to the patient's face while still allowing the patient to move freely. The diffuser mechanism reduces draft created by the bias flow, making the CPAP system much quieter.

The **Aclaim[®]2** comes fully assembled with Breathable Headgear that allows the patient's head to 'breathe' during the night.

The **Aclaim[®]2** is supplied with both sizes of Silicone Seal in each box.
