

Unique as every face

Respironics Profile Lite adapts to facial features for a custom fit every time.

This fully-customizable nasal gel mask fits comfortably right off the shelf, yet is designed to be easily contoured to the unique shape of any wearer's face in just minutes.

Thanks to a soft, light cushion and Respironics' proven gel technology, the Profile Lite nasal gel mask offers an unmatched, personalized seal. A simple customization process allows you to quickly mold the mask to a wearer's facial contours. Profile Lite provides the simplest, most sensible way to achieve the highest level of comfort and performance for all wearers—men, women, and even your pediatric patients. It's just one more way we're helping you fit 100% of your patients, 100% of the time.

PHILIPS

RESPIRONICS

Before molding: standard contour shape

After molding: customized contour shape

Custom fitting Profile Lite is easy. Simply boil, cool, and press the mask into place on your patient's face.
